FOREWORD

It has been possible through the Works Progress Administration in Somerset County, Pennsylvania, to assemble interesting and important data regarding the World War Veterans of this county.

While this information has been brief, nevertheless, the data compiled covers the activities of the Veterans in the most important phases.

With few exceptions, the following list describes each Veteran's war service, wounds, and citations, if any, together with his present location, occupation, present employment and physical condition. Some few omissions were unavoidable due to lack of information.

A pleasing feature of the survey was the fact that the employees were practically all World War Veterans.

This project was sponsored by the Commissioners of Somerset County.

W. C. BEGLEY
R. W. TREVARROW
E. L. DONGES
Commissioners in 1935
